WHOLE NO. 1188
ESTABLISHED IN THE YEAR 1869

Here and There

Men who believe that they are getting rich by coming to them to sell their goods, and who are not willing to be thankful for the results of their efforts about it.

It is true that many dealers in the city are violating the law, which was passed last year. The law prohibits the sale of goods, and the dealers who are violating the law are not willing to be thankful for the results of their efforts about it.

A man in Cleveland, Ohio, who had a spoonful of his brains knocked out in an accident in a building at that place, was awarded a judgment for \$1,000 damages. He must be a brainy man.

Two drastic bills were introduced in the Washington legislature prohibiting publication in newspapers of suggestive stories and prohibiting any account or reference to an execution, a burning, a lynching, or the details of the commission of any crime or of any criminal trial, and prohibiting also the publication of certain medical advertisements.

An Arkansas man desiring to cure his son of a foolish belief in ghosts, rigged himself up in a sheet with the idea of first scaring the youth and then laughing at him. The plan was only partially successful. The young man was scared, but not so badly that he could not reach for a shotgun and fill the paternal joker full of bird shot, thus spoiling the proposed climax of the plot. The episode will be of no particular value to the Society for Physical Research but it may be suggestive to people who have a fancy for playing ghost.

Mr. C. V. Jones, of Memphis, a grain dealer, was in Hickman Saturday on business. He is experiencing much trouble on account of the car shortage situation.

Over 8,000,000 Bibles were sold in this country last year. This is the largest sale awarded any book. While the Bible is a pretty old book it does not seem to be going out of use. No book is read by so many people and no book has so much influence.

Solomon never said a wiser or a truer thing than this: "A merry heart doeth good like a medicine, but a broken spirit drieth the bones." That's a good sentiment to print on a card and hang up where you can see it every day.

Did you ever count the words in a column of a newspaper? There are about two thousand words in a column. Suppose you sit down and write a thousand words on some subject, and then another until you have written eight or ten thousand. Try it and see if it is right easy. Keep that gain up for a month. Then chase a local item all over town, then after you have gotten the facts all right condense them in a few lines an hours work that can be read in a few seconds. Do this for a dozen items that seem insignificant after they are printed, but which you know are important, then have the items criticized and the inaccuracies pointed out to you when it is too late to correct them. O, yes, it is dead easy to conduct a newspaper.

A broken pledge is better than no effort at reform.

The carina of Russia, who is renowned for her beautiful jewels and extensive wardrobe, has one of the handsomest sable coats in the world. In United States coin it is valued at \$250,000 to \$400,000. The queen of Norway also has a magnificent sable coat which, although not as valuable as that of the carina, is worth a small fortune, being valued at between \$150,000 and \$200,000.

The German ambassador at Washington has had his salary increased \$4,000 a year on account of the increased cost of living in the United States. This fact is respectfully referred to the government statisticians who have been insisting that the cost of living has not kept pace with the increased wages.

Bible Society is a Trust.

Charges that the American Bible Society is a trust are made by secretary E. B. Sisson, of the Union Bible Society of Worcester, Mass., who asserts that the society keeps the price of Bibles bolstered up higher than the proper market value. He said in his report to the society:

"This society has in its possession abundant proof that can be given to the public that more than justify us in condemning the Bible Society Trust movement, a movement that does not take the name of a trust, but embodies some of its most objectionable features."

"Because of an arrangement of this combine, individuals, churches and societies in the United States have found they could not buy a Bible in London or Canada without the consent of a Bible Society in New York. The money sent with such orders has been returned."

The annual reports of the American Bible Society show that during the last three years from 800 to 1,000 local independent Bible societies in various parts of the United States have been literally wiped out of existence.

A BABY

Phrenic is a machine in the shape of a baby and will be given to the mother of a child who is born with a phrenic. The machine will be given to the mother of a child who is born with a phrenic. The machine will be given to the mother of a child who is born with a phrenic.

Increasing Rapidly.

The management of the Courier takes pleasure in announcing to its readers and advertisers that the subscription list is increasing at pleasing rate. There are very few days that pass but that we add one or more names to our already large list. This is pleasing both to us and to the advertisers. And another pleasing fact is that some of those who have been in arrears so long are beginning to realize the fact that they have been getting the best paper that is printed in Western Kentucky and are paying up. There are some however, who are still in arrears, and some of them will require attention soon or we will be compelled to cut them off.

Stray Notice.

Taken up as stray by J. C. Hendrix, living about 3 miles from Hickman on the Dresden Road, in Fulton County, Kentucky, one Bay horse mule, striped legs, supposed to be about three years old, crippled in left hind leg. No other marks. Valued at \$40.

Given under my hand this Jan. 5, 1907. W. A. NATLOR, J. C. C. A copy attested. S. F. ROYER, Clerk

The assistant auditor of Kentucky has compiled a statement showing the amount per capita of taxation in the counties of Kentucky, and Hickman county is 23rd in the list, her per capita tax paid the state being \$1.66. In this district only McCracken and Fulton counties show a higher per capita, the former paying \$1.87 and the latter \$1.79. Woodford pays the highest per capita tax, \$4.26, and Elliot the lowest, 40 cents. Other counties of the First congressional district pay as follows: Ballard, \$1.25; Carlisle \$1.13; Callaway, \$1.00; Crittenden, 96c.; Caldwell, \$1.01; Marshall, 85c.; Trigg, 94c. If the State Board of Equalization fairly considers these figures, if they mean anything, Hickman county should escape a raise this year. But as our county assessment for 1907 shows a falling off in land values, we look for the State Board to raise us from 10 to 25 per cent.

"Ma wants a package of dye and she wants a fashionable color," said a little girl to a druggist. "A fashionable color?" echoed the pharmacist. "What does she want it for? Eggs or clothes?" "Well," replied the girl, "the doctor says Ma has stomach trouble and she ought to diet. And Ma says if she has to dye it she might as well dye it a fashionable color."

This is worth Saving.

The following simple home-made mixture is said to relieve any form of rheumatism or backache, also cleanse and strengthen the kidneys and bladder, overcoming all urinary disorders, if taken before the stage of Bright's disease: Fluid extract dandelion, one half ounce; Compound syrup sarsaparilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after meals and at bedtime.

A well-known authority states that these ingredients are mainly of vegetable extraction, and harmless to use, and can be obtained at small cost from any good prescription pharmacy. Those who think they have kidney trouble or suffer with lame back or weak bladder or rheumatism, should give this prescription a trial, as no harm can possibly follow its use, and it is said to do wonders for some people. 34-8-42

How Much Could You Get for Your Farm?

You are a farmer. You live near this town. You own land. Let us say that you own more than you need and would like to sell a hundred acres.

How much could you get per acre? Land values have risen lately. But has the value of your land risen as you think it should?

Your land is good land. You think it is worth considerably more than anybody has offered you. Well, let us see.

A man buying farm land naturally prefers to locate near a thriving, up-to-date town. He wants good home markets for his crops. He wants good schools.

Let us say your land is three miles from town. A farm that looks very much like yours is three miles from a town twice as big and twice as prosperous as the town.

If you were going to buy a farm for your own occupancy, would you pay a whole lot more for land near the town than is twice as large and twice as lively?

Of course you would. It would be good business.

Now, what makes a town big and bustling? Money. Money in circulation. Not in circulation in Chicago for instance, but right in the town that wants to grow.

How much money have you sent to the big mail order houses in the city the past ten years? How much have your neighbors sent? How much have all of you together put out of circulation here at home?

It is probably beyond calculation.

If all that money had been spent in your own home town, isn't it reasonable to assume that the town would have grown more than it has grown?

Wouldn't this town be a bigger and better town?

Wouldn't it have more stores to buy your product?

Wouldn't it have more public improvements to make it more attractive to outsiders who might come here to live, to go into business, or buy your surplus land at a good figure?

To trade at home means to help the town and the neighborhood. To help the town and the neighborhood means to help yourself.

DON'T COMPLAIN.

If your chest pains and you are unable to sleep because of a cough, buy a bottle of Dr. Williams' Pink Pills for Pale People. It will cure your cough, soothe your throat, and give you a good night's sleep. It will cure your chest pains, and give you a good night's sleep. It will cure your chest pains, and give you a good night's sleep.

Good Doctrine.

An exchange wisely says: The lower branch of the Missouri Legislature has passed an anti-tipping bill. It ought to become a law, and every State in the Union ought to pass a similar one. So great has the evil become that in many hotels, on railroad sleeping cars and in other places it is impossible to get decent service without "shelling out" something extra to a waiter or porter.

It is a "bribe" practice, without excuse, and the public must submit or be denied the proper service for which it has already paid. The customer pays for the accommodation and then pays for the privilege of being accommodated. He is forced, with the knowledge, and often with the consent, of the proprietor. In some big establishments servants actually pay for their positions, knowing that it gives them an opportunity to make more money than if no tips were allowed, and the usual wages paid. It is a nuisance that ought to be abated. It is an injustice; in fact, it is robbery, and now that a reform movement has been started in this direction a long suffering public ought to give it a hearty support.

A meeting of the democratic committee of the First District has been called to meet at Henderson Ky., tomorrow, for the purpose of naming the time and manner of making a nomination in this district. The people all over the state are mostly in favor of making these nominations by primary elections, yet it is understood there is some opposition to this plan in the first district. Some of the candidates favor the convention; some a primary election. But as to what the committee will do, is not known. Among the prominent candidates for this position are Judge Bank Gardner of Mayfield, Hon. McD. Ferguson, the incumbent and Hon. Lawrence Einn, of Franklin. It is expected a pretty lively tilt and a nice play of politics will take place in the selection of a nominee for Railroad commissioner in this district.

Ollie James succeeded in getting an amendment through the house, making the street railway fare three cents in Washington City.

Cairo is attempting to have all the low parts of the city filled with sand. A large pump is at work pumping water and sand from a bar in the river; the water runs off and leaves a good bed of sand. The work will be more extensive in a short time; the test is now being made, and the prospects are that the plan will prove a success.

Have You Paid Your City Tax For 1906?

If not you must pay same this week to save cost of advertising as all delinquent tax will be advertised in next week's Courier, so see at once and save this extra cost.

Petitions asking a local option election in Daviess county and the city of Owensboro have been filed with the County Judge. Owensboro has over forty saloons.

Do We Want a Flour Mill?

Mr. W. A. Johnston, of the Hickman Hardware Co., this week had a letter from Mr. W. B. Hackett, of Ripley, Tenn. in which he states that he will be in a position to go into business for himself in a short time in a flour mill. He says he is very favorably impressed with Hickman and still wants to come here. He was in Hickman last fall looking toward putting in a mill here, but did not get the proper encouragement from our people here. Now, you all know that above all things else Hickman needs a flour mill worse than any thing. Mr. Johnston says he knows Mr. Hackett to be the best miller in the section of the country from which he comes and that Hickman could not make a wiser move than to make arrangements for him to locate here. Let us not permit this opportunity to slip from our grasp as we have so many others but lend him all the assistance we can and endeavor to get him to locate here.

Quarterly Court.

Regular term of quarterly court was in session the first two days of the week.

Herschell Vincent was tried on a charge of forgery. In default of bond he was remanded to jail to await the action of the grand jury. Arthur Upshaw and another negro were tried before a jury on a charge of larceny and dismissed.

A lawsuit over a dog, between Sam Haddon, of Sasafraas Ridge, and a negro, was decided in favor of the negro.

Nathan Allen, who shot a negro four years ago, was given a preliminary hearing and in default of bond was remanded to jail to await the action of the grand jury.

By a vote of 42 to 28 the Senate decided that Senator Reed Smoot, of Utah, the Mormon Senator, holds his seat after a contest lasting over three years. Three Democrats voted for Smoot and nine Republicans against him.

A. F. Gaskins, a Fulton carpenter died in Glasgow, Tenn., Sunday. He was unmarried and about 38 years old.

State Line.

Jno. Maddox visited his family last week.

Wilson Rice is reported to have a bad case of mumps.

The wedding bells will be ringing again soon in this community.

Mr. W. M. Bacon is visiting at the home of Mr. Marshal Rice.

James R. Moss of Union City, had business at State Line Sunday.

Miss Jennie Burrus visited friends and relatives in Martin and Greenfield last week.

Rev. and Mrs. J. H. Rhoulac of Union City were the guests of Mrs. Mary Prather last week.

Dr. G. B. Burrus of Woodland Mills was the guest of his brother, Mr. S. B. Burrus and family Sunday.

J. J. Burrus has sold his stock of merchandise at this place to Burrus Brasfield, who will continue the business.

Mr. Isaac Shuff went to St. Louis last Thursday to have an operation performed. He expects to be absent several days.

Mr. Gordon Rice has been attending to business in the store of E. C. Rice & Co. while Mr. Rice was away making his spring purchases.

A surprise wedding of two of our popular young people took place at Union City last Monday night. When Mr. Edward Townsend met his fiancée Miss Nannie Shaw, in that city and both lives were made as one by the officiating minister. These are two very popular young people whom we hope will not be entirely lost to our community, though they intend making their future home in Hickman where Mr. Townsend is employed as salesman in the store of Smith & Amberg. We all join in wishing them much happiness and prosperity.

The court of appeals has declared void a city election held in Princeton a year ago last November, on the ground that gross fraud and bribery were practiced. The contest was made by the Republican candidates for councilmen who were counted out by the Democrats. Matters have indeed come to a pretty pass when dishonesty and corruption are practiced in a small town election in Kentucky; but these amateurs were doubtless "projecting" along lines laid down by the State gang that sets the pace for the small fry.

Chs. Travis has returned from a trip through Missouri.

Attempted Suicide.

Crit Boswell, one of the most prominent men in Carlisle county, attempted to commit suicide at his home near Milburn last week. He drank a quantity of slightly diluted carbolic acid. The act of Boswell being discovered his wife hurriedly summoned a physician, who resorted to the use of the stomach pump and antidotes. After several hours' hard work the doctor succeeded in reviving him, and it was thought Boswell will live. The would-be suicide is glad the attempt was a failure.

Comes High.

In this issue of the Courier will be found a delinquent tax list of Fulton County.

The list is much larger than it ought to be, and in all probability it is the result more of negligence than other conditions. The interest that will be paid for the use of money due the county will doubtless average about 25 per cent. Yes, it is a pretty stiff rate, but who is to blame? Don't make the same mistake next year.

Learn to meet your obligations promptly.

Another Landslide.

The heavy rains Saturday and Sunday night caused more damage to the hillsides. As a result of the rains and soft earth the hill side between Mrs. J. W. Bland's residence, and Misses Allie and Bettie Dadds' residence in Kentucky street, came down to Carroll street all in a lump. There was considerable timber on the hill side used for supporting the earth from slipping.

Considerable earth came down the hill at the rear of Mr. J. H. Millett's residence, and just east of the court house steps.

The old Campbell property on Carroll street began to slip toward the north, but only slipped a short distance.

The heavy sleat that night broke down a number of telephone wires, and pulled down some electric light wires.

The Second Annual meeting of the Kentucky State Farmers' Institute was held at Shelbyville, Ky., February 26, 27 and 28, under the Auspices of the State Department of Agriculture.

Mr. F. R. Stover, the Choir Leader for the Union Meeting, will arrive in the city today (Friday). Tonight he hopes to meet all the members of the Choir for a rehearsal, at the Court House.

ELLISON BROS.

Harry Atkins, of Philadelphia, was found near the Usona Hotel in Fulton, one night last week in an unconscious condition. It was thought for awhile that he was dead, as every indication pointed to that effect. By the timely arrival of a physician, who administered restoratives, he was brought to consciousness and will no doubt recover.

You miss a treat if you fail to buy groceries from Shaw & Bettersworth.

Two young men engaged in a fist fight in Fulton, Sunday, at the passenger depot, because one of them failed to bring the other one a bottle of booze from Cairo.

Blaze at State Line.

Fire came near destroying the residence of Zack Curlin at State Line Saturday. The fire started in some leaves in a gutter near the flue. The timely assistance of neighbors saved the house and the only damage done was the burning of a large hole in the roof.

Mrs. Will Johnston visited in Union City last week.

We furnished our Congressman this week with a list of our Fulton County subscribers. He will use the names for the purpose of distributing seeds, books etc.

Mr. Smith, who is now in the market, writes that goods of every description are very scarce, so it will be to your advantage to buy early, thus getting the best patterns.

—At Oakwood Stock Farm, Hickman, Ky.—

Record 2:193.

This great horse is conceded to be one of the greatest harness horse sires of the present day. Having sired three with records better than 2:10 and forty others with records better than 2:30. He is 15.3 hands high, rich brown in color and has the best of disposition. As to being a sire that is the best that has ever been in Western Kentucky or Tennessee, he needs no recommendation.

TERMS for the season of 1907, \$30.00 cash at time of service to insure. Alfred G. will only be allowed 20 outside mares.

This young horse is the grandest bred fellow in Kentucky. He is by Alfred G 12452, and his third dam is that greatest of great broodmares, SPANISH MAIDEN "dam of Lizzie A (3) 2:13 $\frac{1}{2}$, Margrave 2:15 $\frac{1}{2}$ (sold when 17 years old for \$6700) CUBAN 2:14-4. Baron Victory 2:21-4, Hobart 2:18-4, Alverton 2:23, Sunday Morning 2:29 $\frac{1}{2}$) by Happy Medium 400, sire of Nancy Nancys 2:04. Dr. Roan is a roan horse 16 hands high with great bone and substance and has a great flight of speed. This horse will not make a public season this year. Will be used for my private use.

Black Horse, 16 hands high, foaled 1901.

IRASCIBLE QUIRREL is the blackest of black horses, with the best of dispositions, fine mane and tail, has length of neck and the best back that any horse ever had, with fine bone and a great deal of substance. He has fine action at all the gaits. He is a fine breeder and his pedigree cannot be improved upon as a saddle horse. This horse traces on his sire's side to Black Squirrel, Dave Skain, Peavine, all noted horses in the saddle horse history. On his dam's side he traces to Mambrino Patchen, Berthune (sire of VanMeter's Waxy foundation stock,) to Bald Hornet, an extra fine saddle stallion, and Grey Eagle. His first, third, fourth and fifth dams were all noted saddle mares, going a running walk, pace and trot, also the rack naturally, fast and easy. There is no saddle stallion with as many natural gaits, saddle dams as this one.

TERMS for the season of 1907, \$20.00 to insure. Due when mare proves to be in foal

SEASON OPENS MARCH 15, 1907.

Tabulated pedigrees of the above mentioned stallions will be furnished upon application. It will give us great pleasure to show these horses to the breeding public at any and all times.

FOR SALE—A few choice harness-bred colts and fillys.

Is It Being Done?

The attention of the Fiscal Court at Paducah last week was called to the fact that tax sales had not been conducted according to law, and advised the Sheriff to see that the sales as hereafter conducted to the letter of the law. The county attorney advised that the Kentucky statutes provide that the Sheriff first ascertain if there is any personal property which can be attached and sold, and that if there is not, then he has recourse on real estate. That the law provides that the sheriff file affidavit with the county court clerk to the effect that there is no personal property which can be sold, and in the absence of this action the purchaser cannot be given a legal tax title.

Rheumatic sufferers can have a free sample of Dr. Shoop's Rheumatic Remedy with book on Rheumatism by simply writing for Shoop, Rector, Wis. This book will explain how Dr. Shoop's Rheumatic Remedy can successfully drive Rheumatism out of the blood. This Remedy is not a crutch only. It goes to the blood and attacks the Rheumatism.

Arrested After Four Years.

Nathan Allen, a negro, who is charged with shooting a negro in the bottoms four years ago, was arrested on the Dodds farm in the bottom, this week by deputy Goadler Johnson, and remanded to jail. Since leaving Hickman he has been as far west as Washington, on the Pacific coast. He was given a preliminary hearing Tuesday, and in default of bond was sent to jail to await the action of the grand jury.

Interesting Case Ends.

court in the case of the Woodmen of the World against Mrs. Maude Walters was affirmed by the appellate court, Commissioner Carrington writing. Appellee secured judgment below for \$750 insurance on the life of J. Q. Walters. The death of Walters occurred as the result of a quarrel in which he engaged with his brother-in-law, J. W. Spinks, who was killed by Walters. The policy of insurance contained a provision that there should be no recovery if insured died in consequence of a violation of the laws. The court says the provision is a proper one in such policies, but that Walters was defending his life when killed.

It's great to be President. A man who called at the White House to talk about the weather was arrested as a crank. The rest of us have to stand it.

NOTE—diel means district; t l means town lot; wf means wife; hr means heirs.
